

3RDegree PRESS RELEASE

With family like his cousins, JJ Fad (who were signed to Ruthless Records by Eazy-E and Jerry Heller in the late 80's and had a Platinum Selling Album & Single "SUPERSONIC") it was no surprise 3RDegree would pursue a career in music and film.

The new up and coming artist 3RDEGREE from the west coast has a promising future ahead of him. Listeners of 3RDEGREE have already compared him to the late great 2pac Shakur due to the raw emotion and aggressive delivery he spills over tracks. 3RDEGREE focuses on the quality of content he delivers to his fans without lacking creativity and overpowering listeners with imagination.

Make no mistake, the Inland Empire Born /Los Angeles Based rapper is hard at work and consistently building a fan base through out the World, thanks to Social Networks. 3RDEGREE has set fire to stages at "The Key Club" in Hollywood "Rhythm Lounge" and "Conga Room" (to name a few)
